RE: Grunloh Construction, Inc.
101 W. Temple Ave.
Effingham, IL 62401

Dear Sir/Madam,

Grunloh Construction, Inc. is a long-standing, reputable Effingham based general contractor. Fifth Third Bank has had the privilege of using their construction services several times over the years. Our most recent project was the construction of a new full service banking center located at 200 E. Jefferson, Ave. Effingham, IL. This project was started on May 1, 2012 and was completed by September 30, 2012. Their project management team was excellent to work with. They delivered a very beautiful building on time and on budget. They were very professional in dealing with the various vendors, subcontractors, construction managers and owners. They have been quick to respond to any issues after construction and their follow up has been excellent.

Please give this fine company your consideration on your next project. If you have any questions, please do not hesitate to contact me.

Sincerely,

Don A. Dawkins
Vice President
